CONTENTS OF VOLUME 49

Number 1

Chromosome studies of pocket gophers, genus *Thomomys*. I. The specific status of *Thomomys umbrinus* (Richardson) in Arizona [1] ..... *James L. Patton* and *Ross E. Dingman* 1

Food habits of the antelope ground squirrel in southern Nevada [2] ..... *W. Glen Bradley* 14

Age estimation, growth, and relationships between body dimensions of the female African elephant [3] ..... *William A. Krumrey* and *Irven O. Buss* 22

Morphometric variation and function in the baculum, with comments on correlation of parts [4] ..... *Charles A. Long* and *Theodore Frank* 32

Colonial behavior of *Eptesicus fuscus* [5] ..... *Wayne H. Davis, Roger W. Barbour,* and *Marion D. Hassell* 44

Growth and development of *Suncus murinus* in captivity on Guam [6] ..... *G. L. Dryden* 51

Seasonal weight changes, mortality, and population structure of raccoons in Minnesota [7] ..... *L. David Mech, Donald M. Barnes,* and *John R. Tester* 63

Coat color in wild populations of the roof rat in Hawaii [8] ..... *P. Quentin Tomich* 74

Temporal patterns in the home ranges of chipmunks (*Eutamias*) [9] ..... *David L. Martinsen* 83

Movements of *Microtus pennsylvanicus* in relation to depopulated areas [10] ..... *David B. Van Vleck* 92

Home range as a measure of probable interactions among populations of small mammals [11] ..... *Clive D. Jorgensen* 104

General Notes 113

Distribution of *Myotis lucifugus* and *Myotis austroriparius* in the southeastern United States [12], *Wayne H. Davis* and *Charles L. Rippy*; Additional notes on mammals from Mozambique [13], *Walter W. Dalquest*; Spleen weight changes in the house mouse during pregnancy [14], *Donald J. Nash* and *Lewis C. Cantor*; Occurrence of torpid *Myotis lucifugus* in a cold mine in summer [15], *Robert C. Stones* and *Thomas Oldenburg*; Eosinophils and population density in the marsupial *Setonix* [16], *Wayne C. Packer*; September birth of raccoons in Indiana [17], *Larry E. Lehman*; A collection of bats from Hong Kong [18], *Carleton J. Phillips* and *Nixon Wilson*; First Tennessee record of *Mustela nivalis* [19], *M. D. Tuttle*; Notes on a population of *Pipistrellus subflavus* in southern Louisiana [20], *Clyde Jones* and *John Pagels*; Temperature of the bat, *Plecotus townsendii,* during arousal [21], *Steven E. Hughes*; Pelage development of young raccoons [22], *G. G. Montgomery*; *Eutamias dorsalis grinnelli* Burt in extreme western Utah [23], *Harold J. Egoscue*; A method to reduce winter trap mortality [24], *Donald H. Miller* and *Lowell L. Getz*; Possible hereditary defects in Michigan white-tailed deer [25], *Louis J. Verme*; Home range size in feral house mice [26], *David M. Quadagno*; Clipping of woody plants by mountain beaver [27], *Glenn L. Crouch*; Distribution of the red squirrel in Georgia [28], *Charles H. Wharton*; Discrepancy between "dry" and "fresh" forearm measurements in bats [29], *Andrew A. Arata*; A northern record of a female California sea lion [30], *G. Victor Morejohn*; An effective weasel trap [31], *Rex E. Marsh* and *William R. Clark*; First records of *Microsorex hoyi* and *Sorex cinereus* from Georgia [32], *Charles H. Wharton*; Post partum estrus in a sciurid [33], *C. H. Conaway*; Smallness of mean litter size in the Mexican vole [34], *Larry N. Brown*; Observations on the occurrence of white-tailed jackrabbits in the alpine zone [35], *Clait E. Braun* and *Robert G. Streeter*; Inland record of a live crabeater seal in Antarctica [36], *Ian Stirling* and *Emanuel D. Rudolph*; A short method of preparing the teeth of the bottle-nosed dolphin, *Tursiops truncatus,* for age determination [37], *Steve Rebach* and *William C. Cornell.*

NUMBER 2

Reproduction and age structure in a population of short-tailed shrews, *Blarina brevicauda* [38] ..... *Richard W. Dapson* 205

Oxygen consumption of *Microtus montanus* in relation to ambient temperature [39] ..... *Gary C. Packard* 215

A new craniometer and suggestions for craniometry [40] ..... *Sydney Anderson* 221

Reproduction, growth and development, and juvenile mortality in the Hawaiian monk seal [41] ..... *William O. Wirtz, II* 229

Dispersion patterns of mice in California annual grassland [42] ..... *George O. Batzli* 239

Dental abnormalities in the short-tailed shrew, *Blarina brevicauda* [43] *Jerry R. Choate* 251

Seasonal migrations of the harbor porpoise (*Phocoena phocoena*) and other Cetacea in the Bay of Fundy [44] ..... *D. J. Neave* and *B. S. Wright* 259

Late Pleistocene distribution of *Microtus pennsylvanicus* [45] ..... *Robert A. Martin* 265

Dispersal in a population of desert rodents [46] ..... *Norman R. French, Theodore Y. Tagami,* and *Page Hayden* 272

An explanation of geographic variation in litter size [47] ..... *Albert W. Spencer* and *Harold W. Steinhoff* 281

Underwater playback of their own sounds to *Leptonychotes* (Weddell seals) [48] ..... *William A. Watkins* and *William E. Schevill* 287

The tarsus of early Eocene artiodactyls [49] ..... *Daniel A. Guthrie* 297

Reproductive mechanisms of the female southern grasshopper mouse, *Onychomys torridus longicaudus* [50] ..... *J. Mary Taylor* 303

General Notes 310

Foraging and breeding in two sympatric species of Neotropical bats, genus *Noctilio* [51], *Emmet T. Hooper* and *James H. Brown*; Chromosomes of the ground squirrel, *Spermophilus richardsonii aureus* (Davis) [52], *Charles F. Nadler*; Autumn fat deposition in the evening bat (*Nycticeius humeralis*) [53], *W. Wilson Baker, Shirley G. Marshall,* and *Virginia B. Baker*; Color variation of the hispid cotton rat in New Mexico [54], *A. L. Gennaro*; Records of opossum and kit fox from Zacatecas [55], *Rollin H. Baker*; Procedure for live trapping weasels [56], *Charles C. Rust*; An albino long-tailed pocket mouse from Utah [57], *Harold J. Egoscue* and *T. James Lewis*; Additional comments on reproduction in the woolly opossum (*Caluromys derbianus*) in Nicaragua [58], *Carleton J. Phillips* and *J. Knox Jones, Jr.*; Housing and reproductive performance of an outdoor colony of voles [59], *G. L. Storm* and *Glen C. Sanderson*; Occurrence of milk in stomachs of young jackrabbits [60], *D. R. Sparks*; The status of moose in Nova Scotia [61], *Edmund S. Telfer*; A killer whale—gray whale encounter [62], *G. Victor Morejohn*; *Microtus ochrogaster* in Alabama and Tennessee [63], *John O. Whitaker, Jr.,* and *Earl G. Zimmerman*; An unusual leap by a Pacific white-sided dolphin (*Lagenorhynchus obliquidens*) [64], *John H. Dearborn*; Records of migration of the evening bat, *Nycticeius humeralis* [65], *Stephen R. Humphrey* and *James B. Cope*; Body temperature observations on a caged Mexican wolf (*Canis lupus baileyi*) by remote telemetry [66], *Martin W. Williams, Howard A. Baldwin,* and *Charles S. Williams*; Pygmy shrew, *Microsorex hoyi winnemana*, in Great Smoky Mountains National Park [67], *Donald F. Hoffmeister*; Differential trap mortality as a measure of stress during times of population increase and decrease [68], *Austin P. Platt*; Carnivorous habits of *Hypsignathus monstrosus* [69], *Hobart M. Van Deusen*; Reproductive activity of *Perognathus parvus* [70], *R. Lynn Speth, Clyde L. Pritchett,* and *Clive D. Jorgensen*; Notes on the behavior of the false vampire bat [71], *Arthur M. Greenhall*; Rate of food passage by caged cottontails [72], *James A. Bailey*; Average distance between successive captures as a home range index for *Peromyscus leucopus* [73], *James L. Wolfe*; Breeding among captive *Citellus tridecemlineatus* [74], *Ronald E. Barr* and *X. J. Musacchia*; Archaeological evidence of caribou from New York and Massachusetts [75], *John E. Guilday*; Observations on an anomalous fox squirrel [76], *James R. Bowers* and *Gordon L. Kirkland, Jr.*; Risso dolphin in Washington State [77], Richard K. Stroud.

NUMBER 3

Reproduction in western forms of the spotted skunk (genus *Spilogale*) [78] ..... *Rodney A. Mead* 373
Movement of rocks by northern pocket gophers [79] ..... *R. M. Hansen* and *M. J. Morris* 391
Sub-recent Insectivora and Chiroptera from Puerto Rico, with the description of a new bat of the genus *Stenoderma* [80] ..... *Jerry R. Choate* and *Elmer C. Birney* 400
Mating behavior and development of least weasels (*Mustela nivalis*) in captivity [81] ..... *Gary A. Heidt, Michael K. Petersen,* and *Gordon L. Kirkland, Jr.* 413
Serum albumin polymorphisms in natural and laboratory populations of *Peromyscus* [82] ..... *James H. Brown* and *Carl F. Welser* 420
The specialized posterolateral sebaceous glandular regions in microtine rodents [83] ..... *W. B. Quay* 427
Torpor in the echidna, *Tachyglossus aculeatus* [84] ..... *M. L. Augee* and *E. H. M. Ealey* 446
A comparison of different methods of capturing and estimating numbers of mice [85] ..... *Michael H. Smith* 455
Seasonal changes in body and adrenal weights of chipmunks (*Eutamias*) [86] ..... *David H. Sheppard* 463
Progeny from experimental mating tests with mice of the *Peromyscus leucopus* group [87] ..... *W. N. Bradshaw* 475
Agonistic behavior of the northern grasshopper mouse (*Onychomys leucogaster breviauritus*) [88] ..... *David G. Ruffer* 481
The dentition of the mink (*Mustela vison*) [89] ..... *Richard J. Aulerich* and *Doris R. Swindler* 488
Laboratory life histories of *Peromyscus eremicus* and *Peromyscus interparietalis* [90] ..... *Leonard R. Brand* and *Raymond E. Ryckman* 495
The social and reproductive behavior of *Tupaia montana* in captivity [91] ..... *M. W. Sorenson* and *C. H. Conaway* 502
General Notes 513

Gestation period and early development in *Onychomys leucogaster brevicaudus* [92], *B. Elizabeth Horner*; First records of the pocketed free-tailed bat for Texas [93], *David A. Easterla*; Notes on bats from Tikal, Guatemala [94], *Anne Meachem Rick*; A comparison of the water balance of the forest deer mouse and the white-footed mouse [95], *Lowell L. Getz*; Antler development and loss for southern Illinois white-tailed deer [96], *R. E. Hawkins, J. E. Schwegman, D. C. Autry,* and *W. D. Klimstra*; The olive-backed pocket mouse in southern Colorado [97], *Ronald W. Turner*; Molar duplication in red deer and wapiti [98], *C. J. Pekelharing*; Dentition and pelage in the juvenile red fox (*Vulpes vulpes*) [99], *Samuel B. Linhart*; Occurrence of moose near Barrow, Alaska [100], *David L. Chesemore*; The occurrence of *Paracricetodon* Schaub (Cricetidae) in North America [101], *Julius Alker*; Rodents drown in improvised mast traps [102], *Freddy D. Ward* and *Robert G. Leonard*; Sympatric species of tree squirrels mix in mating chase [103], *Joseph Curtis Moore*; Gestation period in *Neotoma mexicana* [104], *Ronald W. Olsen*; Notes on the mating behavior of the capybara [105], *Juhani Ojasti*; Comments on some mammals from western Texas [106], *Robert L. Packard* and *Frank W. Judd*; Effect of altitude and forest manipulations on relative abundance of small mammals [107], *John B. Gentry, Eugene P. Odum, Marc Mason, Vince Nabholz, Samuel Marshall,* and *John T. McGinnis*; Concentrations of *l*-lactate in the tissues of *Citellus lateralis* after known intervals of hibernating periods [108], *Janet A. Twente* and *John W. Twente*; Serum protein patterns in pocket gophers [109], *Heinrich Bongardt, Voit B. Richens,* and *Walter E. Howard*; Blood cells in the African green monkey [110], *Charles G. Wilber* and *Eileen Setzler*; Vocalizations of the least weasel, *Mustela nivalis* [111], *J. N. Huff* and *E. O. Price*; Habitats and food of amphibious mice of the genus *Rheomys* [112], *Emmet T. Hooper*; The Gen Trap, a simple, humane trap for Richardson's ground squirrels, *Citellus richardsonii* (Sabine) [113], *J. A. Shemanchuk* and *H. J. Bergen*; Sonographic analysis of vocalizations of three species of mice [114], *Clyde R. Houseknecht*; Gray squirrel litter movement [115], *Charles M. Nixon, Roger O. Beal,* and *Robert W. Donohoe*; Ability of the ground squirrel, *Citellus lateralis,* to be habituated to stimuli while in hibernation [116], *Eric T. Pengelley* and *K. C. Fisher*; Food habits and burrow associates of *Peromyscus polionotus* [117], *John B. Gentry* and *Michael H. Smith*; Influence of weather on the activity of the red-backed vole [118], *Lowell L. Getz*; Partial contact as a stimulus to laboratory mating in the desert pocket mouse, *Perognathus penicillatus* [119], *Karen K. Wilken* and *Rosemarie Ostwald*; The effect of strange male odor on aggressive behavior in male mice [120], *John Archer.*

NUMBER 4

A phylogeny of New Guinea rodent genera based on phallic morphology [121] ..... *W. Z. Lidicker, Jr.* 609

Growth and reproductive behavior in the southern grasshopper mouse [122] ..... *B. Elizabeth Horner* and *J. Mary Taylor* 644

A new Paleocene mammal (Condylarthra: Arctocyonidae) from a well in Alberta, Canada [123] ..... *Richard C. Fox* 661

The Guadalupe fur seal: habitat, behavior, population size, and field identification [124] *Richard S. Peterson, Carl L. Hubbs, Roger L. Gentry,* and *Robert L. DeLong* 665

Review of the Genus *Uroderma* (Chiroptera) [125] ..... *William B. Davis* 676

Characteristics of pocket gophers along an altitudinal transect [126] ..... *C. A. Tryon* and *H. N. Cunningham* 699

Intraspecific chromosome variation in the bat, *Macrotus waterhousii* Gray [127] ..... *W. A. Nelson-Rees, A. J. Kniazeff, R. J. Baker,* and *J. L. Patton* 706

Trails of deer mice (*Peromyscus maniculatus*) traveling on the snow while homing [128] ..... *Jacques Bovet* 713

Chromosome polymorphism in California populations of harvest mice [129] ..... *G. A. Blanks* and *H. S. Shellhammer* 726

Alfred Brazier Howell, 1886–1961 [130] ..... *Luther Little* 732

General Notes 743

Notes on bats from the Mexican state of Zacatecas [131], *Hugh H. Genoways* and *J. Knox Jones, Jr.*; Risso's dolphin, *Grampus griseus*, in the Gulf of Mexico [132], *John R. Paul*; Hematological values of Michigan white-tailed deer [133], *Herbert E. Johnson, William G. Youatt, L. Dale Fay, Hazel D. Harte,* and *Duane E. Ullrey*; Activity patterns of some neotropical bats [134], *James H. Brown*; First record of the plains pocket mouse in New Mexico [135], *David J. Schmidly*; Notes on palau fruit bats [136], *Gerald S. A. Perez*; Perception of red light by woodrats (*Neotoma floridana*) [137], *Stamatis M. Zervanos* and *David E. Davis*; Scent-mound communication, territoriality, and population regulation in beaver (*Castor canadensis* Kuhl) [138], *Michael Aleksiuk*; Physiological studies in the Rocky Mountain elk [139], *Reginald A. Herin*; A description of the baculum and os clitoris of *Eutamias townsendii ochrogenys* [140], *Donald R. Adams* and *Dallas A. Sutton*; The extinct bovid genus *Qurliqnoria* Bohlin [141], *A. W. Gentry*; The hairy-legged vampire, *Diphylla ecaudata*, in Texas [142], *James R. Reddell*; Parturition of Keen's myotis in southwestern Missouri [143], *David A. Easterla*; Two bighorn sheep-coyote encounters [144], *Alan Woolf* and *Thomas O'Shea*; The plains pocket mouse (*Perognathus flavescens*) in New Mexico [145], *Daniel F. Williams* and *James S. Findley*; A free-ranging rhesus monkey troop lacking adult males [146], *Melvin K. Neville*; Cuterebrid infestation of *Microtus* in eastern North Dakota, Pennsylvania, and New York [147], *Frank W Maurer, Jr.* and *James E. Skaley*; Supernumerary bone in a skull of a brown bear from the Kamchatka Peninsula [148], *Wilhelm Firbas*; A three-year study of two breeding colonies of the big brown bat, *Eptesicus fuscus* [149], *Fred J.
